VISION

To manufacture products comparable to international standards, to be customer-focused and globally competitive through better quality, latest technology and continuous innovation.

MISSION

Our mission has always been to be passionate about excellence, Customer's satisfaction and delight.

Galaxia Wrap Aluminium Foil

At home, people use aluminium foil for food storage, to cover baking surfaces and to wrap foods, such as meat, to prevent them from losing moisture while cooking. People may also use aluminum foil to wrap and protect more delicate foods, like vegetables, when grilling them.

Galaxia Aluminum foil is a quality food grade product that is 100% recyclable, hygienic and bacteria resistant.

Aluminium foil, or tin foil, is a paper-thin, shiny sheet of aluminium metal. It's made by rolling large slabs of aluminium until they are less than 0.2 mm thick.

Key Features

- Food Safe
- Premium Packaging
- SGS Tested & Certified
- Exact Specifications As Declared On Pack
- Easy to Unwind without Any Hassel
